As a fresh graduate in Informatics, I have a strong interest in the digital and technology field, particularly in working with data. I am adaptable, always motivated to learn and pay great attention to detail. I participated in the Independent Data Analysts Study with the Anak Bangsa Bisa Foundation and GoTo during the Kampus Merdeka batch 3. Additionally, I was selected as a representative for the FGA Kominfo program at the THK Future Knowledge Summit 2022 in Bali. I am so excited to contribute my skills and knowledge to a dynamic organization in the digital and technology sector.
